ealirond Company to the Reading Railroad Company, was effected on February 11, 1892, was dissived to-day by the directors of the leased road, who asserted the right of breaking the agreement upon default of the Reading in the payment of it obligations under that document. The action was taken because of the non-payment of \$968,768 63 for coal bought. This action was no wholly unexpected, but the majority of the people Interested were of the belief that the break in th relations of the companies would be accomplished by the relinquishment of the leased road by the Reading not through the direct action of the directors, which is the case.

A TALK WITH JANAGER KIMBALL.

Omaha, Neb., Aug. 8 (Specinl).—General Manager Kimball, of the Union Pacific, to-day said: "There are grave questions before the board for considera-tion. There are about \$6,900,000 in bonds maturing at this time, and with no market to speak of reissuance is decidedly out of the question. The directors among themselves would easily take care of the maturing bonds, but they are just as badly For N off as the rest of the world. We need some such man as Jay Gould at this time to step in and say, "We'll take care of the company," and with a word change the whole condition. George Gould, while possessing many of his father's traits, is tied up and cannot come to the relief of the company. Kansas and Colorado, cooler; iocai thouderstorms warmer off as the rest of the world. We need some such man as Jay Gould at this time to step in and say, 'We'll take care of the company,' and with a word change the whole condition. George Gould, while possessing many of his father's traits, is tied up and cannot come to the relief of the company, which undoubtedly needs help at this time. The talk of a receiver for the road has been used by the bears to advantage, but at the expense of the system. Salaries, I presume, will be cut and everything done to tide the company over its present dilemma."

meeting of the Passenger Committee of the A meeting of the Passenger Committee of the Trunk Line Association was to be held yesterday, the regular day for Commissioner Farmer to get bis men together. There was no meeting, however, but it was learned that at a second meeting held on August 4 the Trunk Line representatives decided to continue the special one fare excursion trains to Chicago for a period of four weeks from August 19, when the prefers solutions experies.

when the present schedule expires.

The announcement that this course was under consideration was made in The Tribune last week, and it aideration was made in The Tribune last week, and it was then said that the excursion train service had been so successful that the extension of the schedule would probably be made. Since then the one-fare trains have carried an increased number of passentarins have carried an increased number of passentarins have carried as increased number of passentarins have carried as increased number of passentarins have carried to the public to visit the World's fair at low rates.

The extended schedule will end on September 16, and eight trains a week one by each of the roads, will be run as heretofore.

entire system for June (approximates) were \$3,689, 972; decrease, \$290,497.

CHICAGO, MILWAUKEE AND ST. PAUL WINS. Chicago, Aug. 8 (Special).-Judge Garry, of the Apellate Court, to-day decided the case of Albert M. Hoyt and other surviving heirs of Jesse Hoyt and Perry II. Smith, against the Chicago, Milwankee and St. Paul Railway Company, involving many thousands of dollars. In 1880, the railroad company, which owned three lots adjacent to its railroad tracks, enough the latter were into a contract with Hoyt and Smith, b ywhich thered into a contract with Hoyt and Smith, b ywhich the latter were in pay a rental of \$3,000 annually for the latter were to pay a rental of \$3,000 annually for the ground, construct an elevator and also operate the Fulton elevator. On its side the railroad agreed during the period of ten years it would deliver to the elevators 50,000,000 bushels of grain to be stored at I cent per bushel. In default of such delivery the ency was to be charged for at the same rate. Sult was brought for a deficiency of 3,000,000 bushels in 1855, and the Superior Court entered judgment for \$30,000. To day the Appellate Court reversed the decision on the ground that the declaration is de-fective and insufficient. This is a victory for the railroad company.

Chicago, Ill., Ang. 8 (sprial). Some of the Western roads are now beginning to admit that a great mistake was made by them in not reducing rates in June, before the money stringency had really set into them. The business has steadily and materially increased since they were made. Trains ceriving here to-day were more heavily isden than ever. A number of the roads had to furnish extra equipment to accommodate their passongers. Had the reduction been made at the beginning of June or the beginning INCREASING BUSINESS DUE TO LOWER RATES.

NEWS FROM THE FIELD AND RANGE OF PRICES New-York, Aug. 8, 1893.

There was little improvement in the local petroleum trade to-day. The sales of National Transit certificates at the Consolidated Stock and Petroleum Exchange amounted to 5,000 barrels at 61% cents, and of 10,000 barrels at the Stock Exchange at 55% cents. News from the field showed a continued preponderance of demand over production.
